

ENVEL — TECHNICAL RIDER (LIVE FORMATS)

1. DJ HYBRID SET (CDJs + LIVE VOCALS + SYNTH)

Descripción:

Hybrid DJ set combining CDJs, live vocals and synthesizer performance. A dynamic format blending DJing with live musical elements.

Artist brings:

- Laptop (Ableton Live)
- Audio interface
- 1x Synthesizer (Nord Lead 4 or Moog Subsequent 37)
- 1x MIDI Controller (Akai APC40 – optional depending on setup)
- In-ear monitoring (if required)

Required from promoter:

DJ Setup

- 2x CDJ-3000 (or equivalent professional players)
- 1x DJ Mixer (Pioneer DJM-900NXS2 or V10 preferred)

Instruments & Accessories

- 1x Keyboard stand (Z-shape, double tier if possible)
- 3x Instrument cables (Jack–Jack, 6m)

Vocal Setup

- 1x Microphone stand
 - Reinforced base
 - Height: 900mm – 1600mm
 - Boom arm: 810mm
- 1x XLR microphone cable (6m)

Table / Booth

- Flat, stable surface:
 - Width: 2m / Depth: 1m / Height: 1m

Power Supply

- 12x power sockets (EU standard, 220V)
- Dedicated electrical circuit (audio only, no lighting)

Monitoring & Audio

- 1x Booth monitor speaker
- 1x Stereo input for DJ
- 1x Stereo or mono input for synthesizer
- 1x Dedicated vocal channel (EQ + reverb preferred)

2. LIVE PERFORMANCE (FULL LIVE SET)

Descripción:

Full live performance using Ableton Live, hardware synthesizers, controllers and live vocals. Structured, high-level performance format.

Artist brings:

- Laptop (Ableton Live – full session)
- Audio interface (multi-output)
- 2x MIDI Controllers (Akai APC40 or similar)
- In-ear monitoring

Required from promoter:

Instruments

- 1x Moog Subsequent 37 (or Moog Sub 37)
- 1x Nord Lead 4

Stands & Setup

- 1x Double keyboard stand (Z-shape)
- Stable table:
 - Width: 2m / Depth: 1m / Height: 1m

Cabling

- 3x Instrument cables (Jack–Jack, 6m)

Vocal Setup

- 1x Microphone stand
 - Reinforced base
 - Height: 900mm – 1600mm
 - Boom arm: 810mm
- 1x XLR microphone cable (6m)

Power Supply

- 12x power sockets (EU, 220V)
- Dedicated circuit (audio only)

Audio Requirements

- 1x Stereo DI (main output Ableton)
- Individual inputs for:
 - Moog Subsequent 37
 - Nord Lead 4
 - Vocal microphone

- FOH processing for vocals (EQ, compression, reverb)
- 1x Monitor speaker (stage/booth)

GENERAL TECHNICAL NOTES

- Soundcheck required: **minimum 45 minutes**
- Professional PA system suitable for club/festival
- Clean stage layout required (no cable congestion)
- Lighting adapted to live performance (recommended)
- Setup must allow **comfortable access to all instruments and controllers**
